About Ken's Krew, Inc.

Championing Ability...Enabling Success

Ken's Krew provides job placement, training, and support for individuals with neurodevelopmental disabilities in competitive employment. Every individual deserves the opportunity to enter the workforce, earn a fair wage, and reach their full potential.

Left to right: Adam (Electrical), Lesley (Plumbing), Daniel and Danny (Garden) at The Home Depot in Bergen County, NJ.

Through the continued support of individuals, foundations and corporations, Ken's Krew is able to provide one-on-one intensive training to match the right person to the right job, and thereafter provide management support through highly skilled vocational trainers and ongoing vocational workshops, skills development, and opportunities for social networking through its required monthly club program, "The Krew."

We hope you will enjoy a great day of golf and join us in helping these very special individuals.
